

77-3650/A

17 MAR 1977

Dear Tom,

I very much appreciated receiving your note of February 18 congratulating me on my appointment as Director of Central Intelligence.

I am of course pleased to be able to serve in a position which I consider to be of great importance to the security of the nation and one in which I will be able to work closely with the various intelligence services of our armed forces.

Thank you again for your good wishes.

Yours,

/s/ Stansfield Turner
